FRANKLIN BROTHERS

HIS LIFE THREATENED RETURN OF ROCKHILL

Judge Cantrill Being Guarded Dur-
ing the Powers Trial.

HEALTH IS NOT GOOD

Cot Taken to the Court Room for the
Judge's Use—Three Witnesses
Give Testimony in Behalf
of the Commonwealth.

Georgetown, Oct. 16.—The friends of
Judge James E. Cantrill are guarding
him closely, as it is reported threats
have been made against his life. Mrs.
Cantrill ordered a cot to be taken to the
courthouse to be used by the judge, who
is not in good health. As the man en-
tered the courthouse this morning
with the cot he was compelled to elbow
his way through a crowd of mountaineers
at the door.

"What's that cot for?" asked one of
the men.

"For Judge Cantrill," replied the
man.

"Take it on. He will need that cot
before this trial is over," said one of
the men.

The man left the cot in the office of
the commissioners and hastened back to
tell Mrs. Cantrill what he had heard.

Mrs. Cantrill notified Commonwealth
Attorney Franklin, and all possible ar-
rangements were then made looking to
the safety of the judge.

Frank Heeny, who saw Goebel fall,
was the first witness today in the
trial of ex-Secretary of State Powers.

Graham Vreeland, the next witness,
described "the crowd from the moun-
tains," and told of meeting of moun-
taineers in the agricultural building in
which it was proposed that "they go to
the Capital hotel and get Goebel."

H. K. Watkins, captain of the mili-
tary company at Williamsburg, What-
ley county, said John L. Powers told
him of men in Frankfort who could
give the governor an excuse to call out
the militia. He said Powers wanted
him to take his company to the capitol.
Powers said for the men to take their
guns, but not wear their uniforms.
Watkins said he refused.

Fight Between British Regiments.

London, Oct. 16.—A long standing
feud between the Durham and Worces-
ter regiments of infantry culminated
Tuesday night in a serious affray at
Aldershot, when the Worcesters, with
fixed bayonets and ball cartridges, at-
tacked the quarters of the Durhams.
Severe fighting followed, during which
many men were injured. A number of
the Durhams are suffering from danger-
ous bayonet wounds.

Texas Cotton Shortage.

Houston, Oct. 16.—Reports from all
sections of the state show that the dis-
aster to the Texas cotton crop is every
bit as great as represented. In many
sections of the state picking has been
completed, and the crop is shown to be
from 25 to 35 per cent less than that of
last year. This, together with the loss
of cotton seed products, means a total
shrinkage of \$50,000,000.

A New Canal Treaty.

Washington, Oct. 16.—Senator Morgan
of Alabama has had a talk with the
president about the prospects of the
Nicaragua canal bill at the coming ses-
sion of congress. The president told
Senator Morgan he would submit to the
senate a new treaty on the subject,
which more nearly met his views than
the first Hay-Panama treaty, but he
did not go into particulars.

War on Ticket Scalping.

Asheville, N. C., Oct. 16.—Vigorous
warfare is waged by the general passen-
ger and ticket agents now in convention
here against ticket scalping. The war-
fare will be extended also to all forms
of forging, counterfeiting and unlaw-
ful manipulation of railway passenger
tickets. Violators of the law in these
respects will be pursued relentlessly.

Court Grants a Receivership.

Helena, Mont., Oct. 16.—In the Uni-
ted States court here Attorney McIn-
tyre made application for the appoint-
ment of a receiver for the interest of
the Central Trust company which holds
bonds of the company to the amount of
\$1,000,000. The court signed the order
appointing H. L. Walker, secretary of
the company, receiver.

Investigation of Immorality.

San Francisco, Oct. 16.—Rev. Dr. A.
L. Hazlett of Colorado Springs, Col.,
left for Manila on the army transport
Thomas. It is stated that he goes to
the islands under the sanction of the
war department as a commissioner to
investigate the charges of immorality
in the military camps.

Apple Crop Estimate.

New York, Oct. 16.—The apple crop
of 1901, according to the final report of
the American Agricultural Association, is placed at
28,000,000 bushels, against 35,000,000 bar-
rels one year ago and nearly 70,000,000
barrels in the average crop year of 1896.

Reaches Victoria on His Way to
Washington from China.

HE IS INTERVIEWED

The Special Commissioner Tells of the
Restoration of Peace and Pre-
dicts Immense Commercial
Trade Will Follow.

Victoria, B. C., Oct. 16.—W. W.
Rockhill, the commissioner who repre-
sented the United States in the negotia-
tions between the allies and China ar-
rived Tuesday by the steamship Em-
press of Japan on his way to Washing-
ton. He has with him a copy of the
protocol between China and the powers
which was recently signed by the rep-
resentatives of the various nations inter-
ested. He will proceed direct to Wash-
ington by the Canadian Pacific railway.

Affairs in China have resumed their
normal state, the commissioner said in
an interview. He did not anticipate any
further outbreak, but there was no tell-
ing what would happen in China. The
so-called insurrections in Kan Su and
Manchuria, he said, were simply local
uprisings which had been very much
exaggerated.

Three hundred Chinese troops entered
Peking on Sept. 17 and the keys of
the gates were handed over to Prince
Ching with elaborate and brilliant cere-
monies. All the foreign troops were
withdrawn with the exception of the
legation guards and guards at the rail-
way stations. Since the Tien Tsin af-
fair there had been no trouble over the
railway from the coast to Peking, which
is controlled by the British. In fact, the
commercial interests seemed to be tak-
ing charge of the country and a com-
mission was being organized to conduct
commercial negotiations with China.
This commission will revise the treaties
and arrange for the opening of more
ports. The commissioner is of opinion
that work of the commission will bring
about a much better state of affairs.
The British and Chinese members of
the commission have already been ap-
pointed and the other nations had been
asked to name their representatives.

Before Mr. Rockhill left Peking the
Chinese troops had commenced to police
the city. The people, he said, had been
benefited by the occupation, they hav-
ing been given work rebuilding the le-
gations, and on other work on wages
which they had never dreamed of. On
the other hand, a number of those who
were well off before the occupation had
been rendered destitute as a result of
it. The legation concessions had been
greatly increased.

While missionaries were murdered
and tortured in parts of China, Catho-
lic missionaries had lived under the pro-
tection of the court at Nsiang Fu. The
British officials and missionaries had
since visited the court and were very
warmly received.

Mr. Rockhill says many people are
starving in the district in which Hsiang
Fu is situated. But the reports of the
famine in other parts of the empire are
greatly exaggerated. The famine is the
result of the failure of crops.

Mr. Rockhill said that while Li Hung
Chang retains his mental vigor he is
breaking down physically. He has a
splendid appetite but suffers much from
indigestion and high fevers.

The Russians are having considerable
difficulty on the Chino-Manchuria rail-
way on account of the floods. They do
not allow officers of other nations into
the country, but have no objections to
civilians travelling through. Mr. Rock-
hill says when conditions in China are
again settled trade will be enormous.

News was received by the Empress
of Japan of further rebellion in China.
A pitched battle occurred on Sept. 30
between the imperial Chinese forces un-
der General Tsen and a force of 7000
insurgents near Hsinho, in Chi Li, 60
miles south of Pao Ting Fu. Thirty
rebels were killed, many wounded and
the remainder fled. Several villages
were taken by the troops.

In Chou Chou a rebellion has also
taken place and the missionaries have
been driven out. At Kiang Shan sev-
eral of the rebels have been seized and
beheaded.

Missionaries also tell of troubles in
Kaing Si. Many letters have been writ-
ten to the North China Daily News tell-
ing of the risings in that vicinity, but
giving few details.

The North China Daily News reports
much military activity by Russia in the
north and states that a number of troops
have been sent south, where it is be-
lieved, they will be massed on the Ko-
rean frontier.

The Japanese minister to Peking, Mr.
Komura, has returned to Tokio and in
an interview he says there are 40,000
Russian troops in Manchuria. He says
as soon as the Chinese court is estab-
lished at Peking the question of the evac-

The Kentucky brand of anarchy is being brought to the front again for the study of the public in the court proceedings in the trial of Caleb Powers.

Professor Caracristi alleges that the Standard Oil company controls the U. S. geological survey and uses it to deter capital from investment in southern oil fields.

Admiral Schley is having his inning, and the fact is already clear that he acted both the parts of wisdom and patriotism, and is a hero.

The representative of the United States at Constantinople has a chance to distinguish himself in the Miss Stone abduction case. New York yellow journals have already covered themselves with glory.

Greenville is after the location of the Girls' Industrial school in dead earnest. The general committee yesterday evening appointed Judge Grubbs to go down and meet the commission and lay the claims of Greenville before it. The Judge will make a strong fight for his home town and if the prize can be secured he will get it.—Greenville Headlight.

The powers of the great anti-trust law are invoked against some home manufacturers of beer, while nine-tenths of the commerce of the state is in trust products, manufactured in other states. The State of Texas loaded a great big cannon and is industriously hunting mice with it, while the state is full of destructive beasts of prey that worry the gentle lambs. It would be too bad for the guzzlers to pay too much for their beer, however, so hail to the demagogue with his little horn! He will continue to breast the pie counter and thrive.

trade interests. Any man who can read figures knows what this means. Bryan is head and shoulders above any other town in Central Texas, as a business point, or any place in the state with a population not exceeding 5,000.

But we are not yet through with our lesson in banking. We have before us the sworn statements of the cashiers of the Merchants' and Planters' National bank and the First National bank, of Bryan, and also of the First National bank and Citizens National bank, of Navasota. The latter are published in the Navasota Daily Examiner and all four statements are issued under the same date, as the law requires, "at the close of business Sept. 30, 1901." We find the total loans and discounts of the Bryan banks are \$460,707.74, and the total loans and discounts of the Navasota banks are \$222,310.58, showing this item with the Bryan banks to be \$238,397.16 heavier, or more than double that of Navasota. Passing on to the item of individual deposits subject to check, which shows the real business status of the two towns, the Eagle finds that the Bryan banks have individual deposits, subject to check, aggregating \$500,685.19, and the Navasota banks have individual deposits, subject to check, aggregating \$218,044.69. The difference in favor of Bryan is \$282,640.50. Here, again, Bryan more than doubles Navasota, and right here the Eagle challenges any town in Texas, not exceeding 5,000 in population, to show up such a record as a business center.

Now we have another incident to relate regarding the advantages of Bryan as a trading point. Mr. Samuel Levy is authority for the statement that Mr. C. W. Carr, the well-known traveling man who resides at Navasota, recently purchased about \$500 worth of furniture from Levy Bros., of Bryan, and the latter paid the local freight on the furniture to Navasota and the expense of sending a man down there to put it up. Mr. Carr, who, as stated, lives at Navasota and travels for a Houston firm, was posted on prices and complimented the Bryan firm on competing successfully even with Houston. In a word, the Bryan dealers can afford to sell furniture to Navasota people and give them free delivery the same as to local customers.

Before closing this article, the Eagle feels that, in justice to a respectable citizen of North Grimes county; to the business interests of Bryan, and to the paper itself, reference should once more be made to the barbed wire incident published in these columns about two weeks ago. At that time The Eagle said:

"Mr. W. R. Johnston of this city is authority for the statement that last week a gentleman from North Grimes went to Navasota and sold his cotton, and having occasion to purchase a lot of Baker barbed wire he went to a dealer there and priced the article. Thinking the price too high he went to the long distance phone and calling up Mr. Johnson, stated that they asked him \$4.50 per hundred pounds for the wire down there, and he wanted to know the price here. Mr. Johnston ascertained and promptly replied that he could get the same wire here at \$3.85 per 100 pounds. As a result, the gentleman took the money he got for his cotton in Navasota and bought 1000 pounds at a total saving of \$6.50 below the Navasota price."

This statement having been denied and denounced as a fake, Mr. M. W. Wheeler, the gentleman referred to, who was here, along with scores of other Grimes county people to see the big circus, (which gave two performances at Bryan and one at Navasota) and do their trading, kindly gives the Eagle the following affidavit:

Bryan, Texas, Oct. 8, 1901.—Before me, the undersigned authority, on this day personally appeared M. W. Wheeler, and after being by me duly sworn, says that some time during the month of September, 1901 he was in Navasota, Grimes county, Texas, and wished to purchase 500 pounds of barbed wire and that it was priced to him by a merchant of said Navasota at

43 cents per pound for the Baker wire. M. W. Wheeler. Sworn to and subscribed before me this the 8th day of October, 1901. J. W. Barron, Notary Public, Brazos County, Texas.

It has also been asserted that Bryan has only one hardware store and no competition in this line. The facts are that Bryan has two exclusive hardware houses, J. Allen Myers and Cole Bros., both of which have immense, up-to-date stocks of everything in their line.

The Eagle claims that Bryan is the best cotton market and trading point in Central Texas, and presents facts, figures and affidavits to prove it. We are willing to leave the case with the people who are flocking to Bryan every week in greater numbers.

The Eagle has no desire to reflect on the Navasota banks; they are conducted by gentlemen who are thorough business men, and as suggested above, are no doubt adequate to the demands of the business interests of that city. We may also add that the Eagle did not begin this controversy, but simply raised its voice in defense of Bryan—when its home town was attacked.

MEN'S OUTFITTERS.

A negro giving his name as Frank Johnson was brought up from Houston yesterday by Sheriff Nunn and lodged in jail, charged with the robbery of Mr. J. T. Hines' residence on circus day when \$125 and a gold watch was taken from the house. The watch and part of the money, \$90, was secured and the negro apprehended by the Houston authorities assisted by a detective with the circus. Mr. Hines went to Houston Tuesday and identified the watch.

The Curtis Comedy company, with band and orchestra, will be here during fair week and will give performances each night during the fair within the grounds. Attwater informed him while there that he intended to bring a part of his rice exhibit and also some other attractions he has to the Central Texas fair. This exhibit is famous everywhere and will prove of great interest.

The building of the chemical and veterinary laboratory at College, provided for at the special session of the legislature, will add wonderfully to the facilities of the institution and to the appearance of College hill.

Prof. Horton and Edgar Neely were here from Grimes county yesterday.

SCHLEY COURT INQUIRY.

Captain Cook Is Recalled to the Stand to Testify Further.

Washington, Oct. 16.—The Schley court of inquiry began proceedings this morning as usual with correction of testimony given on the previous day. The witnesses summoned for this purpose being Captain Cook and Lieutenant Commander Sears. When they left the stand Commander Newton E. Mason, who was an executive officer on the Brooklyn during the war with Spain, was called to state his observations and conduct in Santiago campaign.

It is the purpose of Mr. Rayner to first examine the officers of the Brooklyn, and to follow these with a number of those who were on the Oregon during the battle off Santiago. It is understood his entire list of witnesses are practically confined to persons who were on board these two vessels.

Mr. Rayner will soon present some questions to the court which he says he desired to ask one of Admiral Schley's witnesses concerning certain signals which were sent from Admiral Sampson's flagship, the New York, on the morning of July 3, before that vessel left Siboney, for the purpose of allowing the commander-in-chief of the naval forces to consult with General Shafter. These signals, Mr. Rayner contends, had the effect of placing the entire fleet under the command of Commodore Schley, and on this account he urges their relevancy.

While Captain Cook occupied the witness stand for the purpose of correcting his testimony, Mr. Hanna asked him: "Referring to your statement in regard to steam required to be kept up in connection with the uncoupling of the Brooklyn's engines that it was the order of the commander-in-chief while lying off Santiago on blockade, was that a written order?"

"My recollection is that it was a bulletin. The exact words I do not remember."

Captain Cook was questioned again concerning the voyage of the flying squadron from Cienfuegos to Santiago. "Did the flying squadron, when proceeding from Cienfuegos to Santiago proceed with all dispatch, asked Mr. Hanna.

"Throwing out of consideration surrounding circumstances and conditions that have already been testified to, I should say so."

"But putting in surrounding circumstances you would say 'yes' would you not?" asked Mr. Rayner.

"Yes," the witness replied, and explained that by surrounding circumstances he meant bad weather and the condition of the Texas' coal supply.

Commander Mason, the first new witness of the day, was asked by Mr. Rayner how many times he had seen Commodore Schley under fire, to which he replied:

"During all the engagements."

"What was his general conduct, manner and bearing on these occasions?"

"Excellent in every particular. He was calm, collected and brave," replied the witness.

Captain Cook was recalled Tuesday, and in response to a question by Capt. Lemly made an additional statement concerning the retrograde movement of the flying squadron May 26 to May 28. He also said in answer to a question by the court, that Commodore Schley, during the battle of July 3 was "cool, brave and enthusiastic. I cannot imagine any conduct in battle more admirable."

Lieutenant Commander Sears was the only new witness to testify Tuesday.

ROBBED BY HIGHWAYMEN.

Saloon Looted by Five Men and a Citizen Held up in Washington.

Seattle, Wash., Oct. 16.—Five armed highwaymen held up a saloon in the suburb of Ballard Tuesday night, opened a fusillade of revolver shots on the inmates, escaped in the smoke and a few minutes later sandbagged and robbed M. J. Davies the Great Northern station agent. In all they secured \$150, most of which was secured from Mr. Davies.

The robbery was characterized by great boldness, only one of the men wearing a mask. All were armed with a large caliber revolvers and seemed reckless of consequences. The highwaymen entered the saloon and held up the inmates. When they had completed their work they retreated to the door and commenced shooting. The whole party then retreated and encountered Davies in the street. All escaped.

Dr. Gagnon Has Disappeared.

New York, Oct. 16.—Friends of Dr. George S. Gagnon, of this city, are alarmed over his disappearance. He left the city last spring after informing his friends that he intended to build a hotel at West Baden, Ind. He left instructions for the shipment of his horses to that place. Recently James Renwick, who represented Dr. Gagnon in the matter received word that the horses and carriages are still in the freight yard at West Baden.

Dissatisfaction Over Samoan Claims.

Tutuila, Oct. 16.—Whites and natives who have sold lands to the government for public purposes are now sending in claims for damages for loss in removing the buildings from the lands and for exhuming the bodies of deceased ancestors of many generations in order to give the government possession. There is great dissatisfaction over the nonpayment of the sums agreed upon.

Parker Succeeds Myrick.

Austin, Oct. 16.—The governor has appointed O. D. Parker a member of the board of trustees of the blind asylum to succeed J. S. Myrick.

URGE RANSOM BE PAID

Another Letter from Miss Stone, the
Abducted Missionary.

ASKS PURSUIT STOP.

She Says the Amount Demanded Should
Only Be Paid to the Person Holding
a Receipt Signed by
Herself and No Other.

New York, Oct. 16.—According to a dispatch to The Journal from Sofia, further word has come from Miss Stone in the following undated letter, written from Macedonia to W. W. Peet, treasurer of Turkish missions in Constantinople:

"My Honored Friend—I write to inform you on the 3rd of September I was captured by a great number of armed men—some 40—as I traveled from Bansk to Diumalia with about 12 teachers, students and others.

"They took with me for my companion Mrs. Catherine Tsilka. The reason why they captured me is for ransom. The price which they demand for us is \$25,000, Turkish, which sum must be paid in gold, and this entirely without the knowledge of the Turkish or Bulgarian governments, within the term of 15 days from today.

"The condition of Mrs. Tsilka decided the limit as she is to give birth to a child in three months.

"We are pursued by a Turkish army. I beg Dr. Haskell himself to go to Constantinople and exert himself for the payment of the ransom at Samakoy, where men will receive it on presenting an order from me.

"The men who captured us at first showed courtesy and consideration toward us, but now, since Turkish soldiers and Bashi-Bazouks have begun to pursue us and the ransom is delayed our condition is altogether changed.

"Therefore, I beg you to hasten sending the ransom demanded and that as energetically as possible. You will represent to the Turkish government that it stop pursuit of us by soldiers and Bashi-Bazouks, otherwise we shall be killed by the people in whose hands we are. I pray you to communicate without delay the contents of this letter to the representative of the United States at the porte and request his most serious co-operation. Pray for us. We are at peace with God. With hearty salutations, your friend,
"ELLEN M. STONE."

Another Letter from Miss Stone.

Sofia, Oct. 16.—During Tuesday night another letter from Miss Ellen Stone, a companion of Madame Tsilka, was found posted on Madame Tsilka's parent's door, announcing that Madame Tsilka had given birth to a child and that both infant and mother were doing well.

Molineux's New Trial.

Albany, Oct. 16.—The granting of a new trial to Roland B. Molineux by the court of appeals is creating considerable comment here.

Molineux was convicted of the murder of Catherine J. Adams in New York City and sentenced to death. The court granted a new trial on a prevailing opinion written by Judge Werner of Rochester, the principal ground being that the lower court erred in admitting evidence as to another alleged crime, the death of Barnett and thus merged two issues.

Justices Parker, Haight and Gray did not believe that the Barnett evidence should be kept entirely out of the case. Judges Werner, Bartlett, Vann and O'Brien concurred in the prevailing opinion and for expunging of the Barnett testimony.

Fight Was a Fiasco.

San Francisco, Oct. 16.—The Carter-Walcott contest before the National Athletic club here was a fiasco and terminated suddenly in the seventh round. Walcott fell to his knees after a slight mix up, raising the cry of "fool" and claiming to have been struck below the belt. No foul was declared and the fight was not satisfactory to the spectators.

Included all Three.

Havana, Oct. 16.—The indictments in the Havana postoffice fraud cases sent Monday by the fiscal to the audiencia court implicates Estes G. Rathbone jointly with C. F. W. Neely and W. H. Reeves in defrauding the government, his complicity being based on the contention that he permitted, and therefore consented to, and tacitly authorized the fraudulent transactions.

The Merkel Fire.

Merkel, Tex., Oct. 16.—Fire Tuesday destroyed the business houses and stocks of J. T. Warren, Fitts & Smith, Star State company, Davis & Wood, J. R. McAdams, A. J. Hill, A. J. Lannan, the Merkel Mail and the telephone exchange. Loss \$80,000 with insurance of \$28,000.

Store Seized for Debt.

New York, Oct. 16.—A cablegram to The Herald from Colon says the Panama Canal company's store office structure in Panama has been seized for a debt of \$80,000 due Henry Schuler, a United States citizen.

Farmer Killed in Oklahoma.

Lexington, O. T., Oct. 16.—Henry Ezell, a farmer living five miles east of here, was shot and killed Tuesday. Alfred Thomas, a neighbor, came in and gave himself up to the authorities.

REFUSED TO PASS IT.

No Restriction Placed Against Divorced Episcopalians for Remarrying.

San Francisco, Oct. 16.—The troublesome question of marriage and divorce has been set at rest for another three years by the action of the house of deputies of the triennial Episcopal convention in rejecting both of the proposed canons on the subject, which were passed by the house of bishops.

The greatest fight of the convention was over section 4, forbidding the remarriage of a divorced person by a priest of the church. This had passed the house of bishops and been adopted by a yeas and nay vote in the committee of the whole of the house of deputies. When the committee arose a decisive vote was taken, not only on the troublesome fourth section, but on the entire canon which was rejected as a whole.

Canon 37, which provides for the disciplining of persons marrying again after being divorced met with a similar fate.

The house of deputies passed amendments to article 10 of the constitution permitting modified forms of worship, which in spirit is similar to the famous Huntington amendment recently defeated.

The bishops have yet to act before the amendment can become a part of the constitution.

ARREST OF A WOMAN.

She Is Charged With Attempting to Pass Bills Stolen by Robbers.

Nashville, Oct. 16.—Annie Rogers alias Maud Williams, aged 26, is in the custody of the police here. Detective Taylor who is here from Chicago, believes her arrest will lead to the apprehension of the gang who on July 3, last held up a Great Northern express train near Wagner, Mont., securing over \$40,000 in bank notes. He hopes also to recover much of the stolen money. It will be remembered that a large proportion of the bank bills were unsigned by officials of the bank at Helena to which they were consigned.

The woman under arrest here came under suspicion by her actions at the Fourth National bank Monday afternoon when she presented a large roll of new bills of small denominations, asking for large bills in return. Noticing the bills closely the teller became suspicious and while she was engaged in conversation the police were notified. When arrested she refused to make any explanation of where the \$500 in her possession came. The bills were on the Helena bank and though signed, the serial numbers coincide with those given of the robbery. A warrant was sworn out against the woman charging her with attempting to pass forged bank notes.

She declines to tell of herself further, than to assert that she was born in Texas and that she arrived here Sunday night, from where she does not say.

EDWARDS ARRESTED.

Murderer of Mr. Foster at Shreveport Captured at St. Louis.

St. Louis, Oct. 16.—Prince Edwards wanted on the charge of murder of John Gray Foster of Louisiana was arrested Tuesday morning at the east end of the Eads bridge, East St. Louis, Ill. When arrested he gave his name as that of George Duncan. He refuses to talk or to state where he has been since leaving Louisiana. His capture was effected through John Henry, a negro detective of Shreveport, who has been on the trail of Edwards ever since the murder was committed last June. Henry learned through some source that Edwards was in hiding in St. Louis. He at once started for this city, coming through East St. Louis. Here he met Detective James J. Enright and told him what he was after, showing the warrant he carried for the arrest of Edwards. Henry soon located his man and he is now in jail awaiting extradition papers.

AMERICAN BANKERS.

They Meet in Annual Session and Most States Are Represented.

Milwaukee, Oct. 16.—The twenty-seventh annual convention of the American Bankers' association began a three days' session here Tuesday with bankers from nearly every state in the union represented. The members of the association represent combined capital of over \$8,000,000,000. The convention was called to order by the president, A. H. Trowbridge of New York City. Then followed addresses of welcome and replies. After this several papers were read.

A resolution was adopted memorializing congress and state legislatures to pass stringent laws against anarchy. Myron T. Herriok of Cleveland, O., has been nominated by the committee for president.

Lipton Given a Cup.

Chicago, Oct. 16.—At the Chicago Athletic club Tuesday evening a banquet was given in honor of Sir Thomas Lipton and he was made the recipient of a massive loving cup presented by his friends in Chicago. In his speech Sir Thomas said he was seriously considering making a third effort to win the America's cup.

Teacher Fined.

Bryan, Tex., Oct. 16.—M. V. Burgess, a negro teacher here, was fined \$50 and costs in Justice W. G. Mitchell's court on a charge of selling examination questions. Burgess appealed the case. It is alleged the questions were obtained from another town.

FRANKLIN BROTHERS

HIS LIFE THREATENED RETURN OF ROCKHILL

Judge Cantrill Being Guarded Dur-
ing the Powers Trial.

HEALTH IS NOT GOOD

Cot Taken to the Court Room for the
Judge's Use—Three Witnesses
Give Testimony in Behalf
of the Commonwealth.

Georgetown, Oct. 16.—The friends of Judge James E. Cantrill are guarding him closely, as it is reported threats have been made against his life. Mrs. Cantrill ordered a cot to be taken to the courthouse to be used by the judge, who is not in good health. As the man entered the courthouse this morning with the cot he was compelled to elbow his way through a crowd of mountaineers at the door.

"What's that cot for?" asked one of the men.

"For Judge Cantrill," replied the man.

"Take it on. He will need that cot before this trial is over," said one of the men.

The man left the cot in the office of the commissioners and hastened back to tell Mrs. Cantrill what he had heard.

Mrs. Cantrill notified Commonwealth Attorney Franklin, and all possible arrangements were then made looking to the safety of the judge.

Frank Heeny, who saw Goebel fall, was the first witness today in the trial of ex-Secretary of State Powers.

Graham Vreeland, the next witness, described "the crowd from the mountains," and told of meeting of mountaineers in the agricultural building in which it was proposed that "they go to the Capital hotel and get Goebel."

H. K. Watkins, captain of the military company at Williamsburg, Whatley county, said John L. Powers told him of men in Frankfort who could give the governor an escort to call out the militia. He said Powers wanted him to take his company to the capital. Powers said for the men to take their guns, but not wear their uniforms. Watkins said he refused.

Fight Between British Regiments.

London, Oct. 16.—A long standing feud between the Durham and Worcester regiments of infantry culminated Tuesday night in a serious affray at Aldershot, when the Worcester, with fixed bayonets and ball cartridges, attacked the quarters of the Durhams. Severe fighting followed, during which many men were injured. A number of the Durhams are suffering from dangerous bayonet wounds.

Texas Cotton Shortage.

Houston, Oct. 16.—Reports from all sections of the state show that the disaster to the Texas cotton crop is every bit as great as represented. In many sections of the state picking has been completed, and the crop is shown to be from 25 to 35 per cent less than that of last year. This, together with the loss of cotton seed products, means a total shrinkage of \$50,000,000.

A New Canal Treaty.

Washington, Oct. 16.—Senator Morgan of Alabama has had a talk with the president about the prospects of the Nicaragua canal bill at the coming session of congress. The president told Senator Morgan he would submit to the senate a new treaty on the subject, which more nearly met his views than the first Hay-Panama treaty, but he did not go into particulars.

War on Ticket Scalping.

Asheville, N. C., Oct. 16.—Vigorous warfare is waged by the general passenger and ticket agents now in convention here against ticket scalping. The warfare will be extended also to all forms of forging, counterfeiting and unlawful manipulation of railway passenger tickets. Violators of the law in these respects will be pursued relentlessly.

Court Grants a Receivership.

Helena, Mont., Oct. 16.—In the United States court here Attorney McIntyre made application for the appointment of a receiver for the interest of the Central Trust company which holds bonds of the company to the amount of \$1,000,000. The court signed the order appointing H. L. Walker, secretary of the company, receiver.

Investigation of Immorality.

San Francisco, Oct. 16.—Rev. Dr. A. L. Hazlett of Colorado Springs, Col., left for Manila on the army transport Thomas. It is stated that he goes to the islands under the sanction of the war department as a commissioner to investigate the charges of immorality in the military camps.

Apple Crop Estimate.

New York, Oct. 16.—The apple crop of 1901, according to the final report of the American Agriculturalists, is placed at 23,000,000 bushels against 40,000,000 barrels one year ago and nearly 70,000,000 barrels in the average crop year of 1896.

Reaches Victoria on His Way to
Washington from China.

HE IS INTERVIEWED

The Special Commissioner Tells of the
Restoration of Peace and Pre-
dicts Immense Commercial
Trade Will Follow.

Victoria, B. C., Oct. 16.—W. W. Rockhill, the commissioner who represented the United States in the negotiations between the allies and China arrived Tuesday by the steamship Empress of Japan on his way to Washington. He has with him a copy of the protocol between China and the powers which was recently signed by the representatives of the various nations interested. He will proceed direct to Washington by the Canadian Pacific railway.

Affairs in China have resumed their normal state, the commissioner said in an interview. He did not anticipate any further outbreak, but there was no telling what would happen in China. The so-called insurrections in Kan Su and Manchuria, he said, were simply local uprisings which had been very much exaggerated.

Three hundred Chinese troops entered Pekin on Sept. 17 and the keys of the gates were handed over to Prince Ching with elaborate and brilliant ceremonies. All the foreign troops were withdrawn with the exception of the legation guards and guards at the railway stations. Since the Tien Tsin affair there had been no trouble over the railway from the coast to Pekin, which is controlled by the British. In fact, the commercial interests seemed to be taking charge of the country and a commission was being organized to conduct commercial negotiations with China. This commission will revise the treaties and arrange for the opening of more ports. The commissioner is of opinion that work of the commission will bring about a much better state of affairs. The British and Chinese members of the commission have already been appointed and the other nations had been asked to name their representatives.

Before Mr. Rockhill left Pekin the Chinese troops had commenced to police the city. The people, he said, had been benefited by the occupation, they having been given work rebuilding the legations, and on other work on wages which they had never dreamed of. On the other hand, a number of those who were well off before the occupation had been rendered destitute as a result of it. The legation concessions had been greatly increased.

While missionaries were murdered and tortured in parts of China, Catholic missionaries had lived under the protection of the court at Nsiang Fu. The British officials and missionaries had since visited the court and were very warmly received.

Mr. Rockhill says many people are starving in the district in which Hsiang Fu is situated. But the reports of the famine in other parts of the empire are greatly exaggerated. The famine is the result of the failure of crops.

Mr. Rockhill said that while Li Hung Chang retains his mental vigor he is breaking down physically. He has a splendid appetite but suffers much from indigestion and high fevers.

The Russians are having considerable difficulty on the Chino-Manchuria railway on account of the floods. They do not allow officers of other nations into the country, but have no objections to civilians travelling through. Mr. Rockhill says when conditions in China are again settled trade will be enormous.

News was received by the Empress of Japan of further rebellion in China. A pitched battle occurred on Sept. 30 between the imperial Chinese forces under General Tsen and a force of 7000 insurgents near Hsinho, in Chi Li, 60 miles south of Pao Ting Fu. Thirty rebels were killed, many wounded and the remainder fled. Several villages were taken by the troops.

In Chou Chou a rebellion has also taken place and the missionaries have been driven out. At Kiang Shan several of the rebels have been seized and beheaded.

Missionaries also tell of troubles in Kaing Si. Many letters have been written to the North China Daily News telling of the risings in that vicinity, but giving few details.

The North China Daily News reports much military activity by Russia in the north and states that a number of troops have been sent south, where it is believed, they will be massed on the Korean frontier.

The Japanese minister to Pekin, Mr. Komura, has returned to Tokio and in an interview he says there are 40,000 Russian troops in Manchuria. He says as soon as the Chinese court is established at Pekin the question of the evacuation by Russia will be taken up.

Professor Caracristi alleges that the Standard Oil company controls the U. S. geological survey and uses it to deter capital from investment in southern oil fields.

Admiral Schley is having his inning, and the fact is already clear that he acted both the parts of wisdom and patriotism, and is a hero.

The representative of the United States at Constantinople has a chance to distinguish himself in the Miss Stone abduction case. New York yellow journals have already covered themselves with glory.

Greenville is after the location of the Girls' Industrial school in dead earnest. The general committee yesterday evening appointed Judge Grubbs to go down and meet the commission and lay the claims of Greenville before it. The Judge will make a strong fight for his home town and if the prize can be secured he will get it.—Greenville Headlight.

The powers of the great anti-trust law are invoked against some home manufacturers of beer, while nine-tenths of the commerce of the state is in trust products, manufactured in other states. The state of Texas loaded a great big cannon and is industriously hunting mice with it, while the state is full of destructive beasts of prey that worry the gentle lambs. It would be too bad for the guzzlers to pay too much for their beer, however, so hail to the demagogue with his little horn! He will continue to breast the pie counter and thrive.

trade interests. Any man who can read figures knows what this means. Bryan is head and shoulders above any other town in Central Texas, as a business point, or any place in the state with a population not exceeding 5,000.

But we are not yet through with our lesson in banking. We have before us the sworn statements of the cashiers of the Merchants' and Planters' National bank and the First National bank, of Bryan, and also of the First National bank and Citizens National bank, of Navasota. The latter are published in the Navasota Daily Examiner and all four statements are issued under the same date, as the law requires, "at the close of business Sept. 30, 1901." We find the total loans and discounts of the Bryan banks are \$460,707.74, and the total loans and discounts of the Navasota banks are \$222,310.58, showing this item with the Bryan banks to be \$238,397.16 heavier, or more than double that of Navasota. Passing on to the item of individual deposits subject to check, which shows the real business status of the two towns, the Eagle finds that the Bryan banks have individual deposits, subject to check, aggregating \$500,685.19, and the Navasota banks have individual deposits, subject to check, aggregating \$218,044.69. The difference in favor of Bryan is \$282,640.50. Here, again, Bryan more than doubles Navasota, and right here the Eagle challenges any town in Texas, not exceeding 5,000 in population, to show up such a record as a business center.

Now we have another incident to relate regarding the advantages of Bryan as a trading point. Mr. Samuel Levy is authority for the statement that Mr. C. W. Carr, the well-known traveling man who resides at Navasota, recently purchased about \$500 worth of furniture from Levy Bros., of Bryan, and the latter paid the local freight on the furniture to Navasota and the expense of sending a man down there to put it up. Mr. Carr, who, as stated, lives at Navasota and travels for a Houston firm, was posted on prices and complimented the Bryan firm on competing successfully even with Houston. In a word, the Bryan dealers can afford to sell furniture to Navasota people and give them free delivery the same as to local customers.

Before closing this article, the Eagle feels that, in justice to a respectable citizen of North Grimes county; to the business interests of Bryan, and to the paper itself, reference should once more be made to the barbed wire incident published in these columns about two weeks ago. At that time The Eagle said:

"Mr. W. R. Johnston of this city is authority for the statement that last week a gentleman from North Grimes went to Navasota and sold his cotton, and having occasion to purchase a lot of Baker barbed wire he went to a dealer there and priced the article. Thinking the price too high he went to the long distance phone and calling up Mr. Johnson, stated that they asked him \$4.50 per hundred pounds for the wire down there, and he wanted to know the price here. Mr. Johnston ascertained and promptly replied that he could get the same wire here at \$3.85 per 100 pounds. As a result, the gentleman took the money he got for his cotton in Navasota and bought 1000 pounds at a total saving of \$6.50 below the Navasota price."

This statement having been denied and denounced as a fake, Mr. M. W. Wheeler, the gentleman referred to, who was here, along with scores of other Grimes county people to see the big circus, (which gave two performances at Bryan and one at Navasota) and do their trading, kindly gives the Eagle the following affidavit:

Bryan, Texas, Oct. 8, 1901.—Before me, the undersigned authority, on this day personally appeared M. W. Wheeler, and after being by me duly sworn, says that some time during the month of September, 1901 he was in Navasota, Grimes county, Texas, and wished to purchase 500 pounds of barbed wire and that it was priced to him by a merchant of said Navasota at

44 cents per pound for the Baker wire.

M. W. Wheeler. Sworn to and subscribed before me this the 8th day of October, 1901.

J. W. Barron, Notary Public, Brazos County, Texas.

It has also been asserted that Bryan has only one hardware store and no competition in this line. The facts are that Bryan has two exclusive hardware houses, J. Allen Myers and Cole Bros., both of which have immense, up-to-date stocks of everything in their line.

The Eagle claims that Bryan is the best cotton market and trading point in Central Texas, and presents facts, figures and affidavits to prove it. We are willing to leave the case with the people who are flocking to Bryan every week in greater numbers.

The Eagle has no desire to reflect on the Navasota banks; they are conducted by gentlemen who are thorough business men, and as suggested above, are no doubt adequate to the demands of the business interests of that city. We may also add that the Eagle did not begin this controversy, but simply raised its voice in defense of Bryan—when its home town was attacked.

SCHLEY COURT INQUIRY.

Captain Cook Is Recalled to the Stand to Testify Further.

Washington, Oct. 16.—The Schley court of inquiry began proceedings this morning as usual with correction of testimony given on the previous day. The witnesses summoned for this purpose being Captain Cook and Lieutenant Commander Sears. When they left the stand Commander Newton E. Mason, who was an executive officer on the Brooklyn during the war with Spain, was called to state his observations and conduct in Santiago campaign.

It is the purpose of Mr. Rayner to first examine the officers of the Brooklyn, and to follow these with a number of those who were on the Oregon during the battle off Santiago. It is understood his entire list of witnesses are practically confined to persons who were on board these two vessels.

Mr. Rayner will soon present some questions to the court which he says he desired to ask one of Admiral Schley's witnesses concerning certain signals which were sent from Admiral Sampson's flagship, the New York, on the morning of July 3, before that vessel left Siboney, for the purpose of allowing the commander-in-chief of the naval forces to consult with General Shafter. These signals, Mr. Rayner contends, had the effect of placing the entire fleet under the command of Commodore Schley, and on this account he urges their relevancy.

While Captain Cook occupied the witness stand for the purpose of correcting his testimony, Mr. Hanna asked him:

"Referring to your statement in regard to steam required to be kept up in connection with the uncoupling of the Brooklyn's engines that it was the order of the commander-in-chief while lying off Santiago on blockade, was that a written order?"

"My recollection is that it was a bulletin. The exact words I do not remember."

Captain Cook was questioned again concerning the voyage of the flying squadron from Cienfuegos to Santiago.

"Did the flying squadron, when proceeding from Cienfuegos to Santiago proceed with all dispatch, asked Mr. Hanna.

"Throwing out of consideration surrounding circumstances and conditions that have already been testified to, I should say so."

"But putting in surrounding circumstances you would say 'yes' would you not?" asked Mr. Rayner.

"Yes," the witness replied, and explained that by surrounding circumstances he meant bad weather and the condition of the Texas' coal supply.

Commander Mason, the first new witness of the day, was asked by Mr. Rayner how many times he had seen Commodore Schley under fire, to which he replied:

"During all the engagements."

"What was his general conduct, manner and bearing on these occasions?"

"Excellent in every particular. He was calm, collected and brave," replied the witness.

Captain Cook was recalled Tuesday, and in response to a question by Capt. Lemly made an additional statement concerning the retrograde movement of the flying squadron May 26 to May 28. He also said in answer to a question by the court, that Commodore Schley, during the battle of July 3 was "cool, brave and enthusiastic. I cannot imagine any conduct in battle more admirable."

Lieutenant Commander Sears was the only new witness to testify Tuesday.

MEN'S OUTFITTERS.

ROBBED BY HIGHWAYMEN.

Saloon Looted by Five Men and a Citizen Held up in Washington.

Seattle, Wash., Oct. 16.—Five armed highwaymen held up a saloon in the suburb of Ballard Tuesday night, opened a fusillade of revolver shots on the inmates, escaped in the smoke and a few minutes later sandbagged and robbed M. J. Davies the Great Northern station agent. In all they secured \$150, most of which was secured from Mr. Davies.

The robbery was characterized by great boldness, only one of the men wearing a mask. All were armed with a large caliber revolvers and seemed reckless of consequences. The highwaymen entered the saloon and held up the inmates. When they had completed their work they retreated to the door and commenced shooting. The whole party then retreated and encountered Davies in the street. All escaped.

URGENT RANSOM BE PAID

Another Letter from Miss Stone, the Abducted Missionary.

ASKS PURSUIT STOP.

She Says the Amount Demanded Should Only Be Paid to the Person Holding a Receipt Signed by Herself and No Other.

New York, Oct. 16.—According to a dispatch to The Journal from Sofia, further word has come from Miss Stone in the following undated letter, written from Macedonia to W. W. Peet, treasurer of Turkish missions in Constantinople:

"My Honored Friend—I write to inform you on the 3rd of September I was captured by a great number of armed men—some 40—as I traveled from Bansk to Dimalia with about 12 teachers, students and others.

"They took with me for my companion Mrs. Catherine Tsilka. The reason why they captured me is for ransom. The price which they demand for us is \$25,000, Turkish, which sum must be paid in gold, and this entirely without the knowledge of the Turkish or Bulgarian governments, within the term of 18 days from today.

"The condition of Mrs. Tsilka decided the limit as she is to give birth to a child in three months.

"We are pursued by a Turkish army. I beg Dr. Haskell himself to go to Constantinople and exert himself for the payment of the ransom at Samakoy, where men will receive it on presenting an order from me.

"The men who captured us at first showed courtesy and consideration toward us, but now, since Turkish soldiers and Bash-Bazouks have begun to pursue us and the ransom is delayed our condition is altogether changed.

"Therefore, I beg you to hasten sending the ransom demanded and that as energetically as possible. You will represent to the Turkish government that it stop pursuit of us by soldiers and Bash-Bazouks, otherwise we shall be killed by the people in whose hands we are. I pray you to communicate without delay the contents of this letter to the representative of the United States at the porte and request his most serious co-operation. Pray for us. We are at peace with God. With hearty salutations, your friend,

"ELLEN M. STONE."

Another Letter from Miss Stone.

Sofia, Oct. 16.—During Tuesday night another letter from Miss Ellen Stone, a companion of Madame Tsilka, was found posted on Madame Tsilka's parent's door, announcing that Madame Tsilka had given birth to a child and that both infant and mother were doing well.

Molineux's New Trial.

Albany, Oct. 16.—The granting of a new trial to Roland B. Molineux by the court of appeals is creating considerable comment here.

Molineux was convicted of the murder of Catherine J. Adams in New York City and sentenced to death. The court granted a new trial on a prevailing opinion written by Judge Warner of Rochester, the principal ground being that the lower court erred in admitting evidence as to another alleged crime, the death of Barnett and thus merged two issues.

Justices Parker, Haight and Gray did not believe that the Barnett evidence should be kept entirely out of the case. Judges Warner, Bartlett, Vann and O'Brien concurred in the prevailing opinion and for expunging of the Barnett testimony.

Fight Was a Fiasco.

San Francisco, Oct. 16.—The Carter-Walcott contest before the National Athletic club here was a fiasco and terminated suddenly in the seventh round. Walcott fell to his knees after a slight mix up, raising the cry of "fool" and claiming to have been struck below the belt. No foul was declared and the fight was not satisfactory to the spectators.

Included all Three.

Havana, Oct. 16.—The indictments in the Havana postoffice fraud cases sent Monday by the fiscal to the audiencia court implicates Estes G. Rathbone jointly with C. F. W. Neely and W. H. Reeves in defrauding the government, his complicity being based on the contention that he permitted, and therefore consented to, and tacitly authorized the fraudulent transactions.

The Merkel Fire.

Merkel, Tex., Oct. 16.—Fire Tuesday destroyed the business houses and stocks of J. T. Warren, Fitts & Smith, Star Stave company, Davis & Wood, J. R. McAdams, A. J. Hill, A. J. Lennan, the Merkel Mail and the telephone exchange. Loss \$80,000 with insurance of \$28,000.

Store Seized for Debt.

New York, Oct. 16.—A cablegram to The Herald from Colon says the Panama Canal company's store office structure in Panama has been seized for a debt of \$80,000 due Henry Schuler, a United States citizen.

Farmer Killed in Oklahoma.

Lexington, O. T., Oct. 16.—Henry Ezell, a farmer living five miles east of here, was shot and killed Tuesday. Alfred Thomas, a neighbor, came in and gave himself up to the authorities.

REFUSED TO PASS IT.

No Restriction Placed Against Divorced Episcopalians for Remarrying.

San Francisco, Oct. 16.—The troublesome question of marriage and divorce has been set at rest for another three years by the action of the house of deputies of the triennial Episcopal convention in rejecting both of the proposed canons on the subject, which were passed by the house of bishops.

The greatest fight of the convention was over section 4, forbidding the remarriage of a divorced person by a priest of the church. This had passed the house of bishops and been adopted by a ye and nay vote in the committee of the whole of the house of deputies. When the committee arose a decisive vote was taken, not only on the troublesome fourth section, but on the entire canon which was rejected as a whole.

Canon 37, which provides for the disciplining of persons marrying again after being divorced met with a similar fate.

The house of deputies passed amendments to article 10 of the constitution permitting modified forms of worship, which in spirit is similar to the famous Huntington amendment recently defeated.

The bishops have yet to act before the amendment can become a part of the constitution.

ARREST OF A WOMAN.

She Is Charged With Attempting to Pass Bills Stolen by Robbers.

Nashville, Oct. 16.—Annie Rogers alias Mand Williams, aged 26, is in the custody of the police here. Detective Taylor who is here from Chicago, believes her arrest will lead to the apprehension of the gang who on July 3, last held up a Great Northern express train near Wagner, Mont., securing over \$49,000 in bank notes. He hopes also to recover much of the stolen money. It will be remembered that a large proportion of the bank bills were assigned by officials of the bank at Helena to which they were consigned.

The woman under arrest here came under suspicion by her actions at the Fourth National bank Monday afternoon when she presented a large roll of new bills of small denominations, asking for large bills in return. Noticing the bills closely the teller became suspicious and while she was engaged in conversation the police were notified. When arrested she refused to make any explanation of where the \$550 in her possession came. The bills were on the Helena bank and though signed, the serial numbers coincide with those given of the robbery. A warrant was sworn out against the woman charging her with attempting to pass forged bank notes.

She declines to tell of herself further, than to assert that she was born in Texas and that she arrived here Sunday night, from where she does not say.

EDWARDS ARRESTED.

Murderer of Mr. Foster at Shreveport Captured at St. Louis.

St. Louis, Oct. 16.—Prince Edwards wanted on the charge of murder of John Gray Foster of Louisiana was arrested Tuesday morning at the east end of the Eads bridge, East St. Louis, Ill. When arrested he gave his name as that of George Dunoon. He refuses to talk or to state where he has been since leaving Louisiana. His capture was effected through John Henry, a negro detective of Shreveport, who has been on the trail of Edwards ever since the murder was committed last June. Henry learned through some source that Edwards was in hiding in St. Louis. He at once started for this city, coming through East St. Louis. Here he met Detective James J. Enright and told him what he was after, showing the warrant he carried for the arrest of Edwards. Henry soon located his man and he is now in jail awaiting extradition papers.

AMERICAN BANKERS.

They Meet in Annual Session and Most States Are Represented.

Milwaukee, Oct. 16.—The twenty-seventh annual convention of the American Bankers' association began a three days' session here Tuesday with bankers from nearly every state in the union represented. The members of the association represent combined capital of over \$8,000,000,000. The convention was called to order by the president, A. H. Trowbridge of New York City. Then followed addresses of welcome and replies. After this several papers were read.

A resolution was adopted memorializing congress and state legislatures to pass stringent laws against anarchy. Myron T. Herriok of Cleveland, O., has been nominated by the committee for president.

Lipton Given a Cup.

Chicago, Oct. 16.—At the Chicago Athletic club Tuesday evening a banquet was given in honor of Sir Thomas Lipton and he was made the recipient of a massive loving cup presented by his friends in Chicago. In his speech Sir Thomas said he was seriously considering making a third effort to win the America's cup.

Teacher Fined.

Bryan, Tex., Oct. 16.—M. V. Burgess, a negro teacher here, was fined \$50 and costs in Justice W. G. Mitchell's court on a charge of selling examination questions. Burgess appealed the case. It is alleged the questions were obtained from another town.
